# Meeting of the Advisory Committee

23.06.2023

On June 23<sup>rd</sup>, A meeting of the Advisory committee was conducted in Devchuli-16, Barhakol & Belswara. The purpose of the meeting was to observe and discuss the condition of goats, goat's shed, household, overall activities of the IG program and planning for the upcoming days.

In the meeting, the condition of goats, goat's shed, its management, opinions of farmers, condition & activities of the children was discussed along with action plan and strategies for the upcoming activities of the goats rearing under income generation program.

## Outputs:

- It was known that the goats have started to adapt the environment, is eating grass, grains properly, growing well & gaining weights and some are even ready for the breeding. Similarly, condition of goats' shed also has improved and is safe, well managed and clean now.
- Some farmers are willing to add more goats and make it as their profession as well. Similarly, children has developed their healthy habits regarding their personal hygiene.

**Total no. of participants=9**

# Field Visit of Barhakol & Belswara

23.06.2023  
&  
24.06.2023

Condition of Goats was observed in the field and it is found that goat's health has improved, goats are gaining weight, growing healthy, are ready for breeding as well.

Condition of goats' shed has been improved and are well managed, safe and clean.

Some farmers are willing to make it as profession for goat farming which is good sign already.

**All 20 selected household was visited**

## *A story of Ruk Maya Ale*

Ruk Maya Ale, She is the mother of 2 children. She makes local alcohol through traditional method and sells it for the livelihood & household expenses. She didn't believe that the organization will give the goats and she could get benefits from it until she visited the Kritipur and directly saw and interacted with the farmers of Kritipur who were benefited from goat rearing program. After visiting Kritipur and seeing the live example of farmers getting benefits from goats rearing, now she believes it. She says, "If I could get financial support to add more goats, I want to add other more goats and make goat rearing as my profession."

## Monthly Planning for July

1. Regular field visit and discussion with family members.
  2. Conduct child club meeting in school and make a action plan for child led activities.
-
